

What are Grandparents good for?

- 1) Homemade cookies
- 2) Stories about the old days
- 3) **Easy access to painkillers**

ANNE ARUNDEL COUNTY
 MARYLAND
 DEPARTMENT OF HEALTH

You want to give your grandkids lots of things, but a drug addiction isn't one of them. Because 75% of Anne Arundel County adults misusing prescription drugs started between ages 12 - 25, it's crucial to store your medicine in a safe place.

Monitor your medicine to help keep loved ones out of harm's way.

Learn more at www.aahealth.org/MEDS or call 410-222-6724.
